

TABLE OF CONTENTS

THE AGBIZ TODAY E-MAGAZINE

01

Artificial Intelligence for Climate-Resilient Agriculture: Transforming Farming in a Changing Climate

Nutan Pathania¹, Neha², Sanjeev Khan³, and Pawan Kumar⁴

02

Greenwashing: How Companies Mislead Consumers about Sustainability

Ishaan Aggarwal

03

Transforming Agricultural Policy and Governance: A Roadmap for Sustainable Growth and Global Competitiveness

Jeennatara Khatun

04

Scaling Up Natural Farming Practices in Vegetable Production – Lessons from Successful Stories

Navneet Singh¹, Payal², Yukti Singh³, Ritika Thakur⁴

05

A Review of IoT and Machine Learning in Precision Agriculture: Towards Sustainable Smart Farming

Nutan Pathania^{1*}, Sanjeev Khan² and Pawan Kumar³

06

Algae: An Ecological Approach to Sustainable Agriculture

Pratibha¹, Nitesh Kumar^{1*}, Vinay Sharma², Hitesh Sankhla³,
Suhani Ganta⁴

07

Climate Resilient Horticulture Practice: An Effective Approach toward Climate Change

Aradhana Khatri¹ and Shubham Thapa^{*2}

08

Wildfire: Destruction of Land, Forest, and Ecosystem

Mayank Kumar Agarwal

09

A Review Paper on Leveraging Artificial Intelligence and Machine Learning for Advanced Crop Management in the Digital Transformation of Agribusiness

Pawan Kumar^{1*}, Sanjeev Khan² and Nutan Pathania³

10

Current Advancements and Innovations in Aquaculture

Kritika Mehta, Shivali Sharma, *Harinder Singh Banyal,
Lipakshi, Geetanjali

11

Smart Soil and Water Management: A Review on Leveraging Artificial Intelligence, Machine Learning, and IoT for Precision Conservation

Nutan Pathania¹, Sanjeev Khan², and Pawan Kumar³

12

Harnessing the dynamic potential of Sensors, Technology, AI and Internet of Things (IoT) in soil health management and sustainable agriculture

Muhilan G^{1*}, Venkatesan V. G²

13

Education and Capacity Building: Agricultural Education for Sustainability

Aditya Raturi¹Smriti Dabral²
